

Ambulatory Clinics

Directory of clinics

The Ambulatory Referral Management system (ARMs) is used in a majority of the clinics. Please browse through our directory below to see the contact information for the clinics. Because not all clinics listed in the directory are online, they may be linked to their program's website to provide you with additional referral information.

Please note that SickKids uses six-digit telephone extensions. You must dial [416-813-7654](tel:416-813-7654) and follow the instructions.

Please use the ARMs fax number for sending in new referrals or supporting referral information **only**. For all other correspondence please use the **clinic's general fax number**. If no ARMs fax number is listed, please use the general fax number or call the clinic for more information.

[Coming for clinic appointments](#) provides families with answers to questions they may have and provides them with information that is important to know before coming to one of our clinics.

Clinic	Phone	ARMs Fax	General Fax
Adolescent Medicine Complex Adolescent Patient Program	416-813-5804	416-813-8043	416-813-5392
